The Opportunity

Governments are printing money like there's no tomorrow, effectively diluting your money.

Fiat currencies everywhere are losing value amidst this possible global financial collapse.

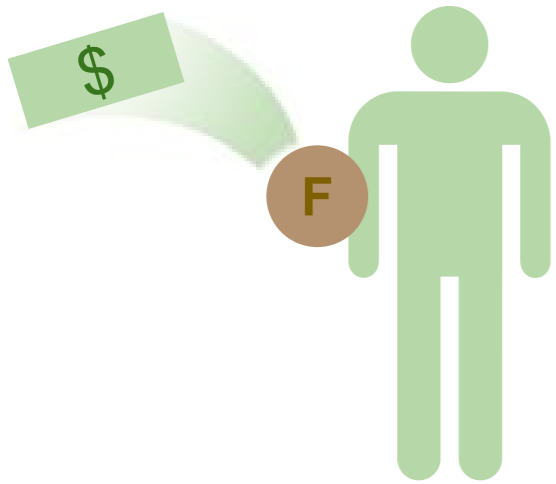

FairCoin gives us the opportunity to invest in a currency is stable and that slowly goes up in value as we grow.

The power of a grassroots movement

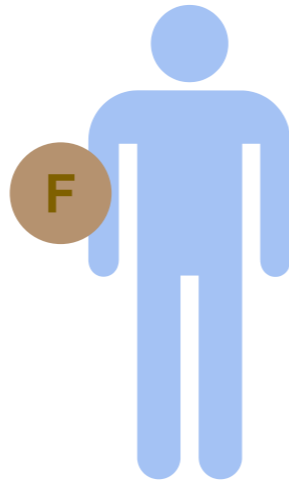

How to use FairCoin

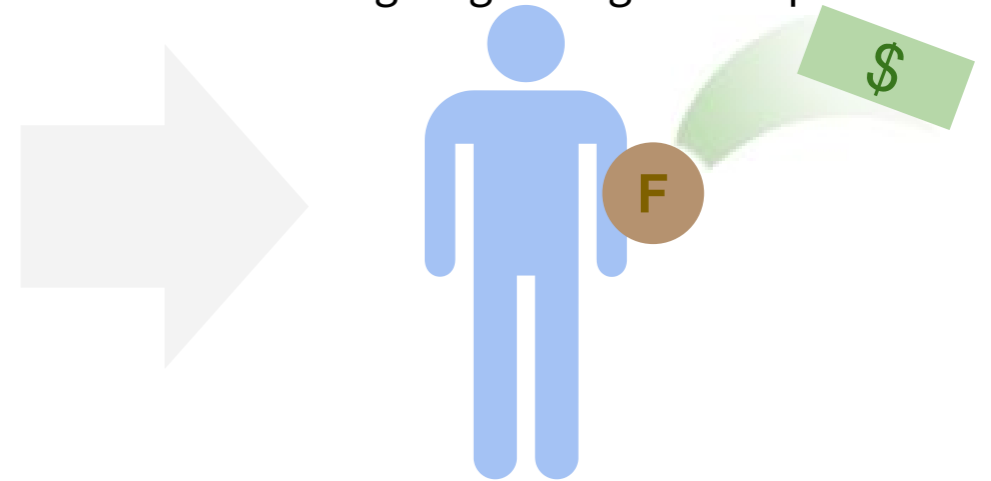

1. Buy FairCoin from a growing list of locations and store in your digital wallet.

2. Sending FairCoins is easy with the wallet app.

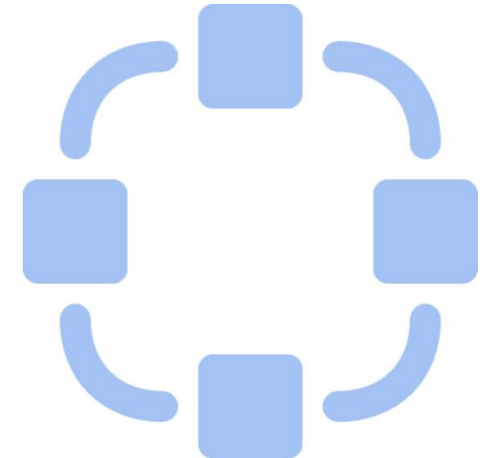

3. A growing list of merchants make FairCoin useable directly. Or, you can cash it out for your local currency through a growing list of options.

How cashing out works

1. We partner with locations globally for members to cash out FairCoins. This is a list that is growing with your help.
2. This is a growing network of ATM machines, local people and businesses.
3. The goal is to be able to have a large network in place to make cashing out FairCoins be effortless and without fees.
